

Sponsorship Opportunity

Global Gene Therapy Training Program

**2023
Gold
Award
Winner**

ASAE's Power of Associations

ASGCT was recognized for its global impact on gene therapy education in sub-Saharan Africa.

This award from ASAE recognizes associations that have addressed global development, and, more specifically, those that have addressed critical societal needs internationally.

EXPAND ACCESS FOR CGTS

In all settings, including low and middle income countries

In collaboration with Muhimbili University of Health and Allied Sciences, this FREE course is designed to equip participants with the necessary knowledge and skills to educate students on the advances in gene therapy.

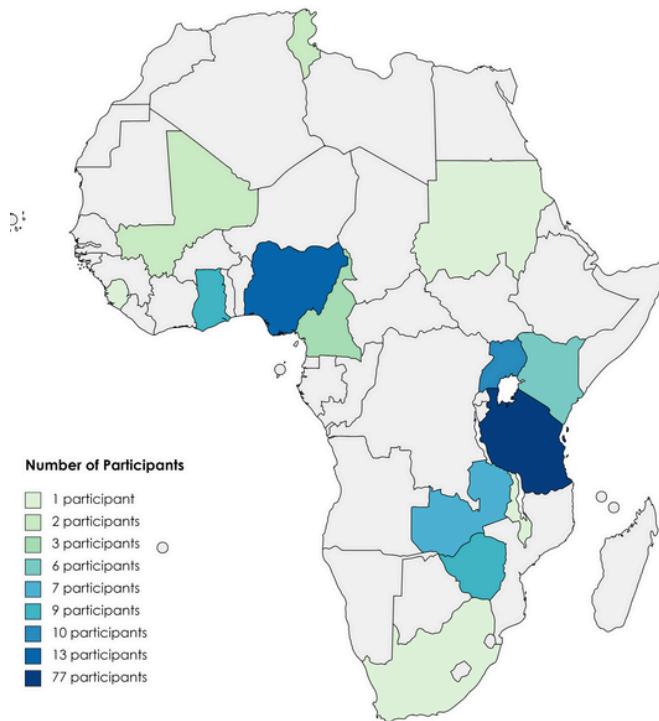

This course is for academic faculty teaching at accredited universities or medical schools in sub-Saharan Africa.

2023 Participants by Location

100%

OF PARTICIPANTS...

said they would attend another course offered by ASGCT!

"I have learned something new. To participants like me, this is a new field, but interesting every day."

"I look forward to many more opportunities like this to increase in knowledge and hopefully contribute to development and growth of health and science."
